

PT. KODE EVOLUSI BANGSA

Research for you, Grow with you

**BUILDING AI SOFTWARE WITHOUT
VALID DATA?
OR
WASTING BUDGET AND TIME
BY LAUNCHING “ASSUMPTION-BASED”
DIGITAL CAMPAIGNS**

that is why

KODEGIRI EXISTS TO PREVENT THAT.

Can't find one?

**AN AI-RESEARCH & TECHNOLOGY
CONSULTANT & SERVICE**

Why Consider Us?

About Kodegiri

- **Kodegiri is an AI-research technology company helping businesses unlock clarity before execution.** We eliminate assumptions from marketing and product innovation by providing data-driven solutions, fast prototypes, and tech implementation support.
- We research for you, grow with you."
- Founded by community spirit during the pandemic, Kodegiri has now evolved into one of Southeast Asia's most trusted partners in Marketing Technology, Research-as-a-Service (RaaS), and AI Integration.
- Inheriting **customer excellence** from STAR group, we became a reliable AI Integration & Digital Campaign for **world-class brands** (Rolling SA (Switzerland), Nusa LLC (USA), Gramedia, Gamatechno, STAR Indonesia Group, Accelbytes, Software Seni, M-Cashier International (Kenya), Ifabula, BPJS Ketenagakerjaan and many more.)

COMBINING TECHNOLOGY
AND HUMANISM

Our History

- From Founder's **Freelance** Job
- To Provide Opportunities for those who had been fired during the Pandemic

DATA & RESEARCH

Stop Deciding using Magic and Assumption

STAR'S AI-MARKETING RESEARCH & DATA MANAGEMENT (MADAM)

Say no to a marketing strategy with no data & revenue target! MADAM is STAR's standardized RESEARCH to help you analyze your target market to line your marketing and sales strategy.

INNOVATION TECHNOLOGY RESEARCH

Developing Software without any data and certainty is long gone. Make sure any development will start with exact Problem Statement, Data, and Solution to maximise your profit.

PROOF OF CONCEPT (POC)

Not sure to start any experimental project? create a Prototype that simply works and make sure that you can accelerate it further.

AI-driven TECHNOLOGY SERVICE

Artificial Intelligence Integration for Your Business

AI-DRIVEN DIGITAL CAMPAIGN

Community-based digital campaign that helps a technology company market their product, making sure your company is relevant to the audience, then generates leads

AITTA: AI TEACHING-LEARNING ASSISTANT

Powered by LLM technology, providing an Assistant that will help learners to be more critical and boost their learning curve.

VISION AI: 360 VIEW PLATFORM

SPECIAL

Community Service & Product

Human Development for Better Business

SEKOCE: AI-DRIVEN EDUCATION

Special Edutech Department that focuses on developing “Brainware” by training human to use AI tools better and integrating AI into their career development

TOD-AI TEAM-ON-DEMAND; AI

A semi-outsourcing team of AI experts and developer to support your digital needs. Utilizing our widely known Community of developers in Indonesia.

DIGITEFA; TOD PLATFORM

A hybrid learning service that offers training & certification in Digital Business skills, especially related to Marketing & Sales technology.

How to Start Consulting?

*applied based on agreement

STRENGTH

Research-based &
AI-Driven
**Marketing & Project
Management**

European Standard
**Project & Community
Management**

25+ Years since 1998

TECH STACK

VALUES

TRANSPARANCY

No secrecy!
We uncover all conditions by data, any cost, challenge, and effort to help your company grow will be shown without any sugar-coating.

COMMUNITY-BASED

You'll get a dedicated team to make sure everything you request will be done. They feel like your own "internal team" rather than vendors.

As Humane as Possible

DATA-DRIVEN

When working on projects, we are always using data, ensuring that the results align with existing needs.
